

Ultimate Nutrition, Balance Probiotic Product Description

The **Ultimate Nutrition** research team has developed an all-inclusive, full spectrum probiotic designed to support optimal gut and digestive health by combining **9 unique and clinically validated probiotic strains**. With **over 40 billion CFU's**, Ultimate Nutrition's **Balance Probiotic** will kick your body into full gear and provide the ultimate boost you've been looking for!

The powerful strains included in this formula have been shown to not only support digestive health but also to promote a **strong antioxidant activity**¹ in situations of elevated physical stress, such as prolonged exercise or demanding physical activity. The scientists at Ultimate Nutrition designed this potent, daily probiotic to contain specially selected strains of Lactobacilli and Bifidobacteria that have been scientifically researched to **support optimal health and performance**. Specifically, these strains have been proven to decrease fatigue, alleviate gastrointestinal discomfort associated with exercise stress, and help reduce inflammation for faster recovery^{2,3}.

Ultimate Nutrition's Balance Probiotic is the key to your ultimate health with its ability to **enhance total immune function**⁴ and combat the stress associated with everyday life. Don't settle for an uncomfortable and problematic gut! Let **Balance Probiotic** do the work by restoring your body's ability to absorb nutrients, alleviate digestive distress, and fight off infection!⁵
