Low Sodium • Low Cholesterol

33g Protein
7.5g BCAA's
2g Carbs
34 Servings

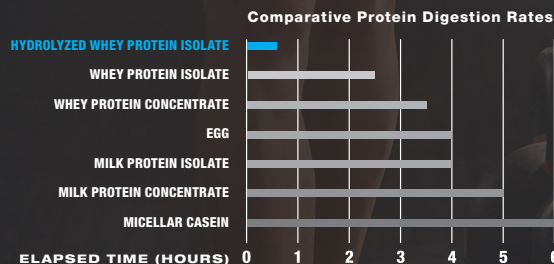

*All flavors are gluten free except Cookies N Cream.

**Nothing
Works
Faster!**

Get the results you want fast, WITHOUT the side effects of regular whey protein isolate!

HydroCool has been processed with a mixture of enzymes similar to those found in the human digestive tract. These enzymes break down whey protein isolate into smaller fractions called peptides. Peptides are absorbed easier and quicker by the body than regular whey protein isolate. HydroCool provides you everything you want in an ultra-fast absorbing post workout protein shake without the typical side effects of bloating and gas. Faster Absorption = Faster Results. Try it today!
