

Muscle Juice Revolution 2600

Ultimate Nutrition Muscle Juice Revolution 2600 is the ULTIMATE weight gainer on the market. It features 56 grams of protein in the exclusive Octo-PRO™ Protein blend that combines 8 key proteins. It contains 170 grams of time release carbohydrates to aid in carbohydrate digestion time to minimize bloating. In addition to the precursors to glutamine present in this protein, you get 1000 mg of glutamine per serving which includes the breakthrough L-Alanyl-L-Glutamine. This powerful dipeptide may protect against muscle degradation and provides fuel for exercise to help you go the distance. When used twice a day, as directed, with milk, the user will receive 2600 more calories and 148 more grams of protein to help exceed their weight gaining goals.

Available in Chocolate Crème, Vanilla Crème, Strawberry, Banana, and Cookies 'n' Cream, 11.10lb and 4.69 lb containers.
