

ISOMASS XTREME GAINER

ISO-MASS is the future of weight gainers. With a scientifically-formulated carbohydrate to protein ratio ISO-MASS is designed for you to gain serious muscle mass without the added fat deposits. ISO-MASS is formulated with a precise blend of time release proteins, complex carbohydrates, creatine for muscle growth, glutamine for muscle recovery, a complete vitamin premix for added mind/body functions, a healthy blend of essential fatty acids to improve mind and body, a blend of nitric oxide precursors to enhance vasodilation, and an enzyme complex to increase absorption. All this can be found in an old fashioned milk shake taste in any of our gourmet flavors.

Available in Chocolate Milk, Cookies 'n' Cream, Strawberry Milk Shake, Chocolate Peanut Butter and Soft Vanilla Ice Cream, 10.11lb containers.

Available in Creamy Banana and Iced Coffee 10lb and 7lb containers.
