

Ultimate Nutrition, Protein Fat Burner
Romance Copy for Label-R&D Edit_1/24/18v4

The **Ultimate Nutrition** research team has developed an innovative, **dual-action** protein that will get you **burning fat and building muscle** in no time! Ultimate Nutrition's **Protein Fat Burner** is like no other protein on the market. It is designed with the highest quality, clinically-tested ingredients that have been proven to torch fat, boost muscle building potential and support a healthy gut. Look no further, **Protein Fat Burner** is here to kick your body into full blast!

This **naturally-flavored and naturally-sweetened** protein fat burner contains **25g of high quality protein**, which packs a powerful combination-ratio of whey protein concentrate, whey protein isolate, and hydrolyzed whey protein specifically designed for rapid absorption to promote the **ULTIMATE lean muscle GAINS**.¹ This revolutionary protein powder combines the calorie-burning effects of Synephrine² with the fat-incinerating complex of Green Coffee Bean, Green Tea, and Choline Bitartrate to rev up even the most sedentary metabolism!³⁻⁵

Synephrine, an alkaloid occurring naturally in plants, has been shown to increase calorie burn by 216.67% in resting metabolic rate.² Protein Fat Burner's fat-incinerating complex is headlined by the plant extracts, Green Coffee Bean and Green Tea. Green Coffee Bean performed exceptionally well in a recent 60-day study as the mean reduction in weight soared to 5.7% compared to control.³ Green Tea, on the other hand, has been touted for its own waist-shrinking abilities with the potential for a 4.48% decrease in waist size.⁴ Choline Bitartrate completes the weight-shredding trio with a twist of its own. A recent study showed that choline supplementation reduced body fat by 10% while BMI saw a 12% decrease in female athletes.⁸ And that's not all...hunger levels were also reduced by almost 6%!⁸

And **IT DOESN'T STOP THERE!** **Protein Fat Burner** is designed not only to stimulate the metabolism to burn fat and support lean muscle, but also to promote good overall health and sustained energy. The addition of the quick energy release from high quality MCT⁶ oil combined with the gut-protecting properties of digestive enzymes (protease and lactase), prebiotics (inulin), and probiotics (1 Billion CFUs of *bacillus subtilis*)⁷ this unique, ground-breaking product is at **WHOLE NEW LEVEL**. Ultimate Nutrition's **Protein Fat Burner** is the **ONLY** product you need for complete and sustained energy, muscle building, fat burning and **SUPERIOR gut health**.
