Directions:

Mix one scoop (30 grams) **Ultimate Nutrition® Protein Isolate** in 12 fl. oz. (355mL) of water or your favorite juice. Mix thoroughly and drink immediately. We recommend you mix **Protein Isolate** in a cup with a spoon and add the water before the powder. We do not recommend using a shaker cup or blender as excessive foaming may occur. For a thicker shake use less water and for a thinner shake use more water. Use entire container within 30 days of opening. Consume **Protein Isolate** shakes as needed during the day and immediately after each workout.
