

New Chicken Protein Isolate brings you all the nutrition benefits of chicken breast in a convenient, easily-mixable and delicious protein shake in great flavors.

This cutting-edge chicken protein has a wealth of amino acids (both essential and non-essential) and minerals, and comes in three delicious, easy-to-digest flavors.

Chicken Protein Isolate was created to deliver the perfect athletic amino acid balance, and designed for those who are trying to get in shape and reach their peak performance level fast!

Chicken Protein Isolate is easily-digestible, has a delicious and smooth flavor, and doesn't present the risk of bloating issues or allergic reactions caused by other sources of protein.

This low-fat Chicken Protein Isolate was developed to meet the needs of both competitive athletes and health-conscious consumers.

- **Over 2x the protein per gram as real chicken**
- **Good source of Calcium and Iron**
- **Low Sodium**
- **GMO Free**
