Ultimate Nutrition IsoCool® is produced through an exclusive and innovative technology called **ColdPure®** ultrafiltration. **ColdPure®** ultrafiltration isolates the native whey protein in a highly bioactive form using an advanced low temperature ultrafiltration process. **ColdPure®** ultrafiltration produces a superior bioactive whey that is non-denatured and contains the highest content of essential amino acids (EAAs) and branched chain amino acids (BCAAs). **ColdPure®** ultrafiltration provides you with a great tasting protein shake with zero carbohydrates, sugar and fat. Each serving of **Ultimate Nutrition IsoCool®** contains 23 grams of protein isolate per serving.

DIRECTIONS

Mix 1 scoop (about 26 grams) of Ultimate Nutrition® IsoCool® into 8oz of water, juice or milk. For a thicker shake, mix into 4oz of water, juice or milk. IsoCool® mixes well, and can be prepared in a blender, shaker cup, or in a glass with a spoon. For maximum muscle growth, take before and after your workout.
